REQUIRED TOOLS

- Wrench(Not included)

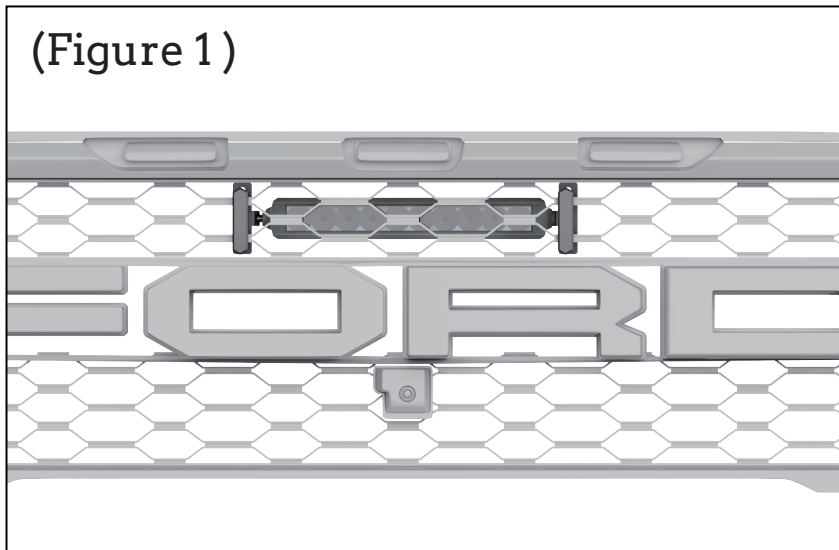

TECH NOTES

- No cutting or drilling is required for Tiny Monster Grille™ lights installation.
- Approximate install time: 20 minutes (not including harness installation)

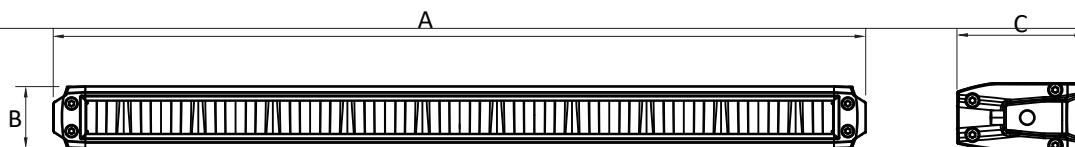

STEP 1 – PLAN THE INSTALL

Unbox the grille brackets and lay out all of the components. Determine where you want to install the lights on the grille. Figure 1 shows the installation plan of a 20-inch light bar on the Ford F-150 Raptor 2021-2023.

NOTES:

This bracket model fits to any size of Xtreme Bar Pro and most grilles. This manual shows how to install a 20-inch light bar (#64033) with this bracket on the F-150 Raptor 2021-2023.

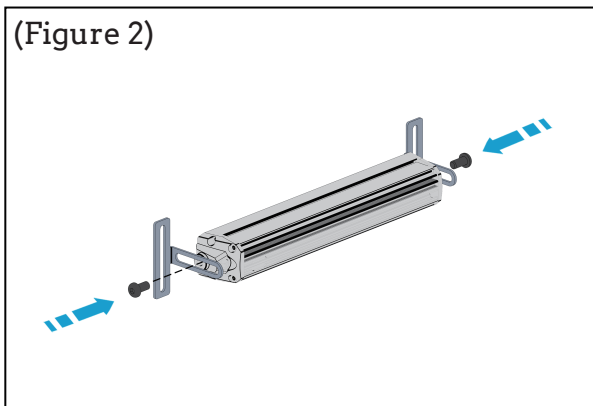

A: 20" B: 1-1/2" C: 2"
(Xtreme bar SKU #64033 sold separately)

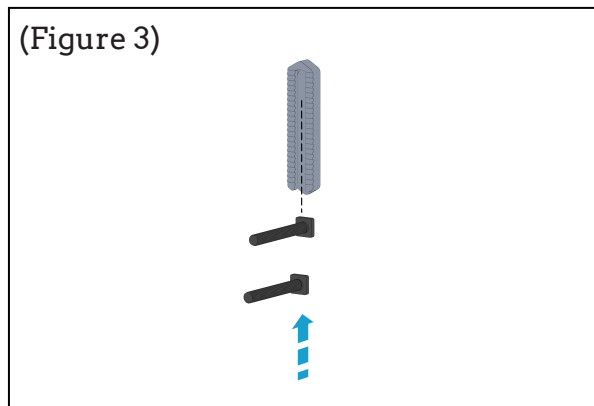

STEP 2 – INSTALL THE GRILLE BRACKET + LIGHT

1. Mount the light to two back plates with two(2) M6 hex screws. (Figure 2)
2. Insect two(2) square head screws into each front plates. (Figure 3)
3. Put the light behind the grille, then mount the front plate to the light with four(4) river nuts. (Figure 4)
